

CLEAR WATER GUARANTEE SIZING CHART

IN-POND FILTER SYSTEMS

For small ponds with minimal space requirements

These filters can sit anywhere along the bottom of your pond. Unlike other OASE filters, in-pond filters come with a fountain nozzle kit for added aeration.

Pond Size in gal.			In-Pond Filter	UV	Pump
					
<700	<350	-	Filtral UVC 700	7 W included	250 GPH included
<1200	<600	-	Filtral UVC 1200	9 W included	580 GPH included

PRESSURE FILTER SYSTEMS

For small to medium ponds

Pressure filters are compact filters that maintain a pump's pressure throughout the entire filter. This allows the filter to supply enough water to run a waterfall. Additionally, these filters can be easily hidden by burying them in the ground.

Pond Size in gal.			Pressure Filter	UV	Pump
					
<1000	<500	<250	BioPress 1000	7 W included	AquaMax Eco Classic 1200
<1600	<800	<400	BioPress 1600	9 W included	AquaMax Eco Premium 2000 / AquaMax Eco Classic 1900
<2400	<1200	<600	BioPress 2400	9 W included	AquaMax Eco Premium 3000 / AquaMax Eco Classic 2700
<3000	<1500	<750	FiltoClear 3000	18 W included	AquaMax Eco Premium 2000 / AquaMax Eco Classic 1900
<4000	<2000	<1000	FiltoClear 4000	24 W included	AquaMax Eco Premium 3000 / AquaMax Eco Classic 2700
<8000	<4000	<2000	FiltoClear 8000	55 W included	AquaMax Eco Premium 4000 / AquaMax Eco Classic 3600

FLOW-THROUGH FILTERS SYSTEMS

For medium to large ponds or koi ponds

Flow-through filters stand above the water surface at the edge of the pond. They utilize gravity to route the water back into the pond or flow water onto a watercourse.

Pond Size in gal.			Flow-Through Filter	UV	Pump
					
<1600	<800	<400	BioSmart 1600	9 W included	AquaMax Eco Classic 1200
<5000	<2500	<1250	BioSmart 5000	Vitronic 18	AquaMax Eco Premium 2000 / AquaMax Eco Classic 1900
<10000	<5000	<2500	BioSmart 10000	Vitronic 36	AquaMax Eco Premium 3000 / AquaMax Eco Classic 2700
<18000	<9000	<4500	BioTec ScreenMatic ² 18000	Bitron C 55	AquaMax Eco Premium 4000 / AquaMax Eco Classic 3600
<21000	<10500	<5250	ProfiClear Premium Compact-M	Bitron C 55 / Bitron C 110	AquaMax Eco Premium 4000 / AquaMax Eco Expert 6800*
<24000	<12000	<6000	BioTec ScreenMatic ² 24000	Bitron C 55 / Bitron C 110	AquaMax Eco Premium 4000 / AquaMax Eco Classic 3600
<38000	<19000	<9500	BioTec ScreenMatic ² 38000	Bitron C 110	ProfiMax 7000 / AquaMax Eco Expert 6800

*Must adjust flow down to Max flow of filter (3300gph)
