

GARDEN AND POND LED LIGHTING

Add beauty and elegance to your water feature by bringing it to life at night. AquaScape Garden and Pond LED Lighting combines style and simplicity while adding depth and dimension to water features or traditional landscaping during evening hours.

AquaScape LED lighting fixtures are extremely energy efficient and feature a die-cast metal housing with a protective coating, providing a durable finish that holds up in all weather conditions.

- Extremely energy efficient, minimizing energy costs and providing a 90% savings over comparable halogen lighting
- Can be used fully submersed in water or in traditional landscape settings
- Permanently-sealed, watertight fixtures eliminate leaks
- Integrates easily with other 12 volt quick-connect components
- Spotlights include two different mounting platforms: an adjustable stand and a landscape stake
- Also available in 6-packs for installations requiring multiple lights
- Produces a natural 3,000K warm color light output
