

SMART CONTROL PLUG

The AquaScape Smart Control Plug is the easiest way to connect new or existing water features to the Smart Control App on your smartphone or tablet, allowing you to control lights, pumps, or any other outdoor appliance at anytime from anywhere.

- Numbered outlets allow simple, clear set-up
- Power monitoring shows energy consumption of connected devices
- Adequate wireless coverage required (2.4HZ supported)

SMART CONTROL PLUG

Wireless Convenience

Use your smartphone to control your Aquascape water feature. First download the Smart Control App to your smartphone or tablet, and then set up the Smart Control Plug according to directions. You can now use our smart technology to:

- Control pumps
- Control and schedule lighting
- Automatically control lighting using the astronomical timer
- Monitor power consumption
- Manage your water feature at anytime from anywhere

Compatibility

Compatible with both Android and Apple smartphones or tablets.
